## PROFILE

Results-driven Finance Specialist and MSc Candidate (Banking and Finance) with strong experience in the Austrian industrial sector. Proven track record in **financial planning**, **variance analysis**, and **process optimization** both in Austria and Mongolia. Skilled in linking financial results to **operational performance** drivers and automating workflows using Microsoft Power Automate to drive efficiency. Experienced in working with cross-functional teams to ensure accurate quarterly closing and reporting. Advanced **Microsoft Excel** user, with a keen focus on automating complex reporting workflows and financial data analysis.

## WORK EXPERIENCE

### Finance & Administration Intern

Jul 2025– March 2026

FRITZ EGGER GmbH & Co. OG. | Sankt Johann in Tirol, Austria

- **Process Optimization & Automation:** Enhanced operational efficiency by automating the corporate card issuance workflow using **Microsoft Lists** and **Power Automate**, significantly streamlining a critical administrative process.
- **Financial Analysis & Cost Control:** Independently managed a global Business Process Outsourcing (BPO) tender across 20+ jurisdictions. Conducted deep-dive cost comparisons and scenario analyses that identified a quantifiable **annual cost reduction of EUR 251.000**.
- **Reporting & Variance Analysis:** Supported central financial oversight by reviewing and analyzing monthly financial reports from global sales offices, ensuring data accuracy and explaining variances to drive operational actions.
- **Cross-Functional Project Management:** Conducted comprehensive legal and tax feasibility studies for a group-wide corporate card implementation, coordinating with international stakeholders to ensure compliance and operational readiness.

### Lead Finance Manager

Jun 2021 – Feb 2024

TESO Investment LLC | Ulan-bator, Mongolia

- **Financial Planning & Budgeting:** Managed financial planning, budgeting, and cost control for new business initiatives, ensuring alignment with organizational objectives and efficient capital allocation.
- **Strategic Investment:** Identified and implemented investment solutions by securing funding through strategic negotiations with investors and financial institutions.
- **Business Development:** Led the financial strategy for developing new businesses and successfully launching them to market, collaborating closely with project management teams.

### Financial Analyst

Jan 2020 – Jul 2021

GOBI Cashmere JSC | Ulan-bator, Mongolia

- **Closing & Reporting:** Supported quarterly closing activities and directed the preparation of accurate financial statements and reports for senior management.
- **Cost Profile Analysis:** Performed in-depth analysis of **product and are-specific cost profiles**, distinguishing between manual and automated booking entries to improve cost transparency and structure.
- **Profitability Improvement:** Conducted comprehensive financial analyses to identify cost-saving opportunities and improve overall profitability.
- **Liquidity Management:** Oversaw cash flow management to ensure optimal liquidity for business operations.
- **Financial Modelling:** Developed complex financial models and dashboards to analyze product-specific cost profiles, utilized advanced MS Excel tools (VBA/Macros etc.).
